

Kerfoot Society for Distinguished Faculty

Established to recognize faculty who have distinguished themselves above and beyond the call of duty, the Kerfoot Society for Distinguished Faculty was originally suggested by Jeremy H. Biggs '54 when he served as President and Chairman of the Board of Trustees. He expressed that "a good part of the soul of the school is, and always has been, the wonderful and long-serving faculty, who have been important to its history and to the lives of its students."

The following individuals are eligible for induction into the Kerfoot Society for Distinguished Faculty:

Craig and Elizabeth Allen
